Additional attendance requirements: This class emphasizes group work to complete labs. Each week you will be paired with a group of students. Usually groups sizes are 2-3 students. You will be required to communicate with the other individuals in your group, either by email, phone or meeting face to face. This is a strong requirement for this course.

Policy on make-up exams and/or late assignments for this course: No late assignments will be accepted.

Software/Technical Requirements	
Do assignments require the use of supplements bundled with the text book?	Yes, MathPortal
Is additional software required?	Yes, Microsoft

Course Information

Additional comments: Students taking this class online need to be very comfortable with technology. Math itself is a hard class, but made even harder when taken online. The requirements for this course are the same as a face to face class, therefore students need to be very disciplined in order to complete all required work.
