## More about ASSOCIATE IN FINE ARTS IN VISUAL ARTS

The Associate in Fine Arts in Visual Arts (AFA) degree is designed for students who want to pursue a four-year degree in the fine arts. In addition to completing core general education requirements, the program allows the student to select additional general education, pre-major, and elective courses in consultation with the targeted 4-year program they are seeking to transfer to.

Courses in the AFA program are eligible for transfer to a 4-year institution. Fine Arts programs, however, are subject to requirements of the 4-year institution with regard to how the credits are applied (general education, major area, or electives). Coursework should be planned in collaboration with the targeted 4-year program.
